Virginia Tobacco Growers Agree To Pool Tobacco

An agreement to pool their tobacco crops for the next five years and to limit their planting to a maximum fixed from year to year was entered into by the members of the American Tobacco Growers' Protective Association into which the Virginia Dark Tobacco Growers' Association was formed Friday in Lynchburg. All but one of the nearly 80 who were present signed the growers' contract and marketing agreement which had been drawn up by three officers of the association.

The affairs of the association formed Friday are to be controlled by 15 directors in addition to the three officers. The head offices of the organization will be in Lynchburg.

MEET AT PRINCE EDWARD

A meeting of the tobacco growers of Prince Edward county was held Saturday morning at 11 o'clock at Farmville. The next meeting in Lynchburg will not take place until December.

The contract was presented to the meeting Friday by W. H. Glenn, of Prospect, president, who urged the farmers to sign the agreement and form an organization powerful enough to get what they want. If the organization is successful it will be expanded to include the tobacco growers of Kentucky. The contract was the outcome of a series of conferences between Mr. Glenn, S W. Cole, of Forest, and J. R. Coleman, of Greenfield. In speaking in behalf of the agreement Mr. Glenn said that the association would learn the supply of tobacco needed on the world market and would not produce in such a way as to flood the market.

The agreement is not to be valid until it is signed by the growers of tobacco who represent 51 per cent of the 1919 crop according to the statistics of the bureau of crop estimates. The 1919 crop of Virginia dark tobacco is given by the department of commerce as 47,000,000 pounds grown on 70,000 acres. According to this estimate the association would control at least 24,000,000 pounds of dark tobacco.

DELIVERY OF TOBACCO

The tobacco produced by the signers of the agreement is to be delivered to a point named by them and will be inspected and graded according to standards to be adopted by the association. This tobacco is to be pooled and the return to the farmer on his crop will be on a proportionate basis of the receipts for the entire sale. Full control of the tobacco produced by the members of the association or of their tenants is assumed by the association, who will sell the crop, borrow money on it, or manufacture it, as they see fit.

The members agree to abide by the recommendation of the directors of the association as to the maximum proportionate acreage they will plant. This acreage will be fixed for each grower in such a way as to assure the production of enough tobacco to meet the requirements of the consumers, yet to prevent speculation. Although the association will control all tobacco produced by the members, the members reserve the right to limit their production or to cease growing tobacco if they see fit.

Initial dues of $1 are to be charged every signer. The members agree to pay to the association one-fourth of one percent of the proceeds of their 1920 crop and the association will reserve one-half of one per cent on its sales of any tobacco consigned to it and sold through it.—News.

Buckingham

Mr. and Mrs. W. J. Hubard were called to Richmond the past week by the illness of Miss Ella Simms, Mrs. Hubard's sister, and our hearts go out in loving sympathy for Mrs Hubard, who is a general favorite here.

Mr. Flood's majority in the last election is the largest ever given him, amounting to nearly seven thousand. The people of the 10th district are proud of their Congressman, and well they may be.

The local republicans are saying "To the victor belongs the spoils", and already speculation is rife as to who will succeed the incumbent postmasters.

I hear that Mr. L. W. Jones has purchased the old Shaw house and lot here.

Mr. E N. Grigg has opened up a nice store in the house formerly occupied by F. H. Spencer & Co.

A lady here ordered a part of the flour made of her wheat put in new barrels and the miller said that to order new barrels and pay expenses on them they would cost $2.50 each.

So many cattle have been killed for beef that the market has been glutted and prices declined accordingly. A fat, well grown veal 8 weeks old will bring more now than a two-year-old steer or heifer; best veals are selling for 19 cents a pound

The farmers who met here last week did not organize a tobacco raisers' association, but they are to meet here again on the 27th, at which time they hope to organize. Some tobacco has been sold on the local market, and the prices are low indeed. It is safe to say that if present market conditions continue that very little tobacco will be planted next year.

A man named Buck Shoe maker has been lodged in jail here, and it is alleged that he went off with a young girl for immoral purposes Shoemaker has a wife, who is an invalid.

Mr. Peter Shepherd, who was a tenant on Mr. J M. Seward's farm, is movin back to his home here.

Judge A. S Hall has come home from Atlanta and we all hope his health may be entirely restored.

Dr. G. L. Morris went to Richmond last week.

The boys around here are hunting, and as often as they shoot they scare the poor little birds most to death, if they can't kill them.

Dr. Perkins Glover hunted at the home of his brother, Mr. John Glover, one day last week.

Bishop Thomason of the Episcopal church confirmed a class of five at Emanuel church Sunday morning. These were five young girls and the services were of unusual interest. The Bishop also preached a sermon that was listened to with marked attention. Taking our Savior's words, "I am the way, the truth, and the light", for his text, the preacher compared the present age to the time just after the flood; then the world had been destroyed by water, now it has been destroyed by war; men are asking now, "what must I do, what must I be, what must I think". Jesus is the way, He is the truth, He is the light, as truly now in this 20th Century, as He was in the time when He was on earth and spoke those comforting words.

The Commissioners appointed to see how best the old Gough place can be divided among the legatees met on the land one day last week, and while they were there it developed that there was bad feeling between some of the parties at interest, and there was a personal encounter between two of the interested parties.

Evergreen

Mr. and Mrs. Charlie Warren left this week for Roanoke, where they will make their home. Their friends and neighbors regret their leaving, but wish them much happiness in their new home.

The friends of Mr. William H Lee are sorry to hear of his sudden death in Roanoke Friday night. He ate his supper and read the evening paper and retired. The next morning his son in law, Mr J. W St. Clair, with whom he made his home, called him to breakfast, and on getting no response opened his door and found him cold in death, heart trouble being the cause. His remains were brought to Pamplin on No. 6 Sunday morning and from there taken to Centenary church where they were interred by the side of his wife, who preceded him to the grave eighteen years ago. He is survived by one daughter, Mrs. J W St. Clair, who has our deepest sympathy.

Miss Madian Lee is visiting her cousin, Mrs. J.W. St. Clair, in Roanoke.

Rev. A. K. Lambdin will leave this week for his new charge. We are so glad he has a nice home and a good charge. Our best wishes and prayers go with him.

Right many from our village attended the burial of Mr. William Lee at Centenary on Sunday.

Board of Supervisors

At a meeting of the Board of Supervisors held at the Clerk's office Nov. 10—present: W H Ligon, L E Smith and S E Anderson the following claims were presented and examined and allowed and warrants drawn for their payment:

S G Harvey, overseer poor	20 00

S E Anderson, member of the Board from Stonewall district, was appointed agent of the Board to have the fill in the approach to North's creek bridge made in the best possible way and as cheap as possible, and report to the Board at its next meeting.

The resident Highway Engineer having inspected the soil and dirt roads constructed by the convict force in this county, being maintained by the county under special contract, and having approved the same and issued certificates for the State's part of the work done, to Oct. 1, 1920, in the aggregate sum of $995, it is ordered that a warrant for the sum of $1990 be drawn payable to the County Treasurer of this county, refunding said amount of $1990 from the joint State fund to the county fund.

The Board being advised that W W Thornhill, who was given the contract to repair the approach to the Bent creek bridge at Bent Creek, has completed said work but that S E Anderson, agent of the Board, has not had an opportunity to inspect and receive the same, but will do so in a few days, it is ordered that a warrant for the contract price of said work, to wit, $.50, be drawn in favor of said Thornhill and delivered to said Thornhill when said work is inspected and received.

It appearing to the Board that it is necessary that the county clerk have more filing space in his office for the accumulated records and those to accumulate, he is authorized to order a safe cabinet No. 38B, from the Bristol Typewriter Co. at the price of $775, delivered in said clerk's office, according to plan filed before the Board by Mr. McKee Jones of the Modern Index Corporation, of Bristol, Va.

Notice To Trespassers.

All persons are warned not to hunt, fish or trespass in any manner upon the lands of the following persons, under penalty of being prosecuted to the full extent of the law:

R L Fitshugh, at Evergreen, and 2 miles east of Evergreen

A. H. Clement, near Appomattox, Va.

[Persons desiring to give notice to trespassers may do so under this head for 50 cents. Send name and postoffice, and your name will be printed 3 months for 50 cents.]

We also furnish cards for posting at five cents each.

Send us your Job Printing.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.
